Well Field
Corporation Co., Ltd.

Announcement

No.27/2022

Anti-Money Laundering & Know Your Counterparty (KYC) Policy and Procedure

This policy confirms Well Field Corporation Co., Ltd.'s commitment to prevent money-laundering and the

financing of terrorism in its business practices and transactions. Money laundering is the process of disguising the

financial proceeds of crime to conceal their illegal origin. The financing of terrorism is any kind of financial support

to those who attempt to encourage, plan, or engage in terrorism.

Well Field Corporation Co., Ltd. has established Know Your Counterparty (KYC) procedures to combat

money laundering and the financing of terrorism. These procedures allow us to identify every organisation that we

deal with, to understand the legitimacy of our business relationships and to identify and react to unusual or

suspicious activity.

Ms. Phappim Ihara (General Manager) is responsible for the development and implementation of this

policy and relevant procedures, and Well Field Corporation Co., Ltd. commits to review our KYC policy and

procedure every year.

To support our KYC policy and procedures, Well Field Corporation Co., Ltd. has developed a KYC form

which we send to all our counterparties (this is our business partners: suppliers and customers) to collect relevant

business information to identify risks of money-laundering. We require the form to be completed for all existing and

new counterparties.

By collecting and reviewing the information in completed KYC forms, Well Field Corporation Co., Ltd.

commits to

• establishing the identity of our counterparties

Well Field
Corporation Co., Ltd.

• checking that our counterparties are not considered high-risk (this means checking whether counterparties

are based in FATF high-risk jurisdictions, named on government-sponsored watchlists or international

(UN) sanctions lists, or if they source from conflict-affected and high-risk areas (CAHRAs))

maintaining an understanding of the nature and legitimacy of all our counterparties' businesses

maintaining KYC records for at least five years

maintaining records of all single or linked cash (or cash-like) transactions above 10,000EUR

monitoring transactions for unusual or suspicious activity – this type of activity will cause the counterparty

to be considered high-risk.

If counterparties are considered high-risk for any reason (for example named on a sanctions list or engaging

in unusual activity) we may:

Cease trading with the counterparty

Identify the beneficial owners of the counterparty and check whether the beneficial owners are on any

watchlists or sanctions list

• Make an on-site visit to the high-risk counterparty.
